SPAI-C (Parent Version)

Below are some places or activities that sometimes make boys or girls feel nervous or scared. All of these activities are called social situations because they involve being with other people. Social situations include playing outside with other boys and girls, playing a sport while others are watching, being in a play or recital, going to a party or a meeting, playing at the playground or just being around other boys and girls at school.

Think about your child and select the option that shows how often your child would feel nervous or scared when doing the following.
